

Same Moon and Sun - Mr Roberelli

Mr Roberelli has done it again. The 7th album has wonderful characters, cracking tunes and some very funny songs, and will entertain everyone from the youngest in the family to the oldest (so long as they can handle the odd mention of poo). Our favourites are 'Jacaranda', 'Polly Syllabic' (who has a tremendous grasp of language) and 'The Same Moon and Sun'.

Description

Mr Roberelli is a group of musicians from New Zealand who write fun, witty and entertaining songs for children. The HUGE plus is that they are also appealing to the grown ups too.

The Same Moon and Sun is the 7th album, and with a higher than average scatological reference count, is a surefire hit with the children...
